

GlacialTech launches Igloo 1100 Series of Intel LGA 1156 (i5/i3) CPU Coolers

Performance packed CPU coolers with nearly no noise

29th, July , 2009: - GlacialTech, the diversified provider of cooling, power supply, PC enclosure solutions for consumer and industrial applications, today announced the launch of Igloo 1100 Series CPU coolers.

The Igloo 1100 series are range of light weight CPU coolers are easy on your environment with features like low noise, high performance and easy clip are designed for Intel LGA 1156 processors. The 1100 series come in four models- 1100 Silent/1100 Silent(E)/1100 Silent(2B), 1100 Light/1100 Light(E)/1100 Light(2B), 1100/1100(E)/1100(2B) and 1100 PWM/1100 PWM(E)/1100 PWM(2B).

This Series is specially focused for all gaming and PC enthusiasts. Silencing a PC has become an important issue for many PC users, and GlacialTech's engineers have taken this seriously, developing a slew of new products addressing issues related to noise.

SPECIFICATION

Model Name	1100 Silent / 1100 Silent(E) / 1100 Silent(2B)	1100 Light / 1100 Light(E) / 1100 Light (2B)	1100 / 1100(E) / 1100 (2B)	1100 PWM / 1100 PWM(E) / 1100 PWM (2B)	
Socket Type	LGA1156 (i3, i5)				
Dimension (mm)	φ 95x67				
Weight (gram)	380				
Fan	Type	12 Volts /1B1S or EBR or 2BB			
	Dimension (mm)	80x80x25			
	Speed (rpm)	2000	2600	3200	3600
	Airflow (CFM)	26	35.5	44.1	50.082 (max.)
	Noise (dBA)	20	25	32	15~38
	Rated voltage (VDC)	12			
	Input Current (Amp)	0.168 (max.)	0.228 (max.)	0.3 (max.)	0.456 (max.)
	Consuming power (watts)	2.016 (max.)	2.736 (max.)	4.32 (max.)	5.472 (max.)
	MTBF (hours)	40000 / 35000 / 50000			
Safety	TUV, UL, CE				
Material-Heat sink	Aluminum 6063T5				
Material-Thermal compound	High Efficiency Thermal Compounds				
Material-Clip	S45C				

Company continues its manufacturing legacy with the launch of its high performance, fast cooling CPU coolers. The Igloo 1100 series is also available in four different models- 1100 Silent /1100 Light /1100 and 1100 PWM. The Igloo 1100CU series models weight 451 grams as compared to the 1100 Series which is as light as 380 grams. Overclockers were also kept in mind when designing the Igloo 1100 series.

About GlacialTech Inc.:-

GlacialTech Inc. is a diversified provider of cooling, power supply, and PC enclosure solutions for consumer and industrial applications. Having established the strong relationships with thermal, SMPS and mechanism technology leaders worldwide, GlacialTech leverages world-class engineering, efficient manufacturing and highest-quality materials to provide its products with an optimal balance of performance and value. For more information about GlacialTech thermal technology, please visit the company homepage at www.glacialtech.com
